Literacy Lights the Way

Literacy lights the way.
Illuminating truth,
imparting knowledge,
eliciting emotion,
inspiring expression,

enabling opportunity,

fostering equality,

empowering lives.

Literacy lights the way
to a brighter, richer future.

With thanks to you,
literacy lights their way.

Let's continue to light the way so that every child learns to read by third grade.

Happiest of holidays from your friends and colleagues at Literacy How!
